

Dear Alumna, dear Alumnus,

we hope, you had a good start into 2025!

Our year at the Alumni Network of Magdeburg-Stendal University of Applied Sciences has started with two updates:

#### **New Temporary Coordinator**

Antonia Pilz will be in charge of the Alumni Network in 2025 and early 2026 as a stand-in for Ms. Marquardt and is now your contact person for all questions, offers and events concerning you as alumnus/alumnae of the university.

#### **New Website-Design**

We have given the [Alumni Network](#) a new design and adapted the contents more specifically to your needs as an alumnus/alumnae. Take a look and see

the updated website for yourself. To ensure that all functionalities are available, you must perform a [hard refresh/hard reload](#) in your browser. The link explains how to perform a hard refresh in your browser on a PC, tablet or smartphone. (external Link – no liability is assumed for the content)

## **Securing Specialized Personnel & Corporate Cooperation**

### **22nd Company Contact Fair (Firmenkontaktmesse)**

Is your current employer/company looking for tomorrow's specialized personnel? If yes, use the opportunity to present yourself at this year's [Company Contact Fair](#) on May 21, 2025 and/or in the exhibitor catalogue. Registration deadline is the end of March 2025.

### **Deutschlandstipendium**

As a company or private person, you can support a student with outstanding achievements and voluntary engagement financially for one year. How does that work? With the [Deutschlandstipendium](#) you give a total of EUR 1,800.00, the Federal German Government adds EUR 1,800.00 and an applicant student receives a monthly grant. The application deadline for supporters of the Deutschlandstipendium is the end of June 2025.

### **Magdeburg-Stendal University of Applied Sciences at the Hannover Messe (March 3rd - April 4th, 2025) – „Research for the Future“**

Magdeburg-Stendal University of Applied Sciences is once again exhibiting at this year's [Hannover Messe](#). Together with the other universities in the state of Saxony-Anhalt, the IWID department will be presenting several exhibits in Hall 2 Stand C16 / C24.

The Technologie- und Wissenstransferzentrum of Magdeburg-Stendal University of Applied Sciences offers [free tickets](#) for you as a former student/employee. These can be downloaded via the link.

### **Nachwuchsmarkt**

You are no doubt familiar with the Magdeburg-Stendal University of Applied Sciences job portal "[Nachwuchsmarkt](#)". For many years now, it has been the first choice for students at the university and for many companies from Saxony-Anhalt. Take advantage of the opportunities offered by the Nachwuchsmarkt to publish your vacancies or search for new job opportunities yourself ; )

### **We need your commitment**

Why not update your profile in the [Alumni Network](#)? If you are currently looking at the new website anyway, why not take the opportunity to update your profile? You can complete your current employer and field of work, join interest and networking groups and thus make it easier for other members to associate you. Altogether with an updated profile you will increase the chances of creating an effective network at your Alma Mater.

Stay involved even after your time at Magdeburg-Stendal University! For example, join one of the booster clubs close to the university (PRO FH e.V., Förderkreis Stendal, H.u.H. Kaschade-Stiftung, Jütting-Stiftung or Förderverein des Fachbereichs Wirtschaft). As a member, you can help to shape life on the university campus beyond your own time.

We are looking forward to staying in touch with you this year!
