

Dear Alumnus, dear Alumna,

Why don't you come and visit one of the campuses again?

The warm season is slowly beginning and we would like to invite you to visit one of your (former) campuses again and perhaps gain a few new impressions.

Events in the Summer Season 2025

Whether for one of the **Open Campus** (26th April in Stendal, 17th May in Magdeburg), the **Company Contact Fair** (21st May in Magdeburg), the **CAMPUSFestival** (4th June in Magdeburg), the **Summer Party** (18th June in Stendal) and other exciting events – why not visit your former university again?

You can find these and many more events organised for you in the [Alumni Network](#). Here we collect events for you such as

- public lectures & lecture series from the various departments,
- specialist and networking events,
- workshops on professional and personal development,
- farewell ceremonies for graduates of the different faculties,
- other formats, such as JuniorCampus.

Spring Cleaning before Easter!

As we all know, spring is the time of year when – thanks to the longer and sunnier days – we discover our larger and smaller dirty corners and give them a good clean. Why not do the same digitally?

Update Your Profile in the [Alumni Network](#)!

Next to taking the opportunity to update your profile, you can join interest and networking groups and thus make it easier for other members to connect with you. Altogether with an updated profile you will increase the chances of creating an effective network at your Alma Mater.

"Spring Cleaning" on the Website: Give us Your Feedback!

We have given the [Alumni Network](#) a new design and adapted the contents more specifically to your needs as an alumnus/alumna. But is that really the case? Why don't you take a look and see the new look for yourself? And then feel free to leave your [feedback](#): Is there any information that you as an alumnus/alumna of Magdeburg-Stendal University of Applied Sciences are missing or is there too much?

Talent Knows No Season – But It Needs Your Support: Become a Sponsor of the Deutschlandstipendium

As a company or private person, you can support a student with outstanding achievements and voluntary engagement financially for one year. How does that work? With the [Deutschlandstipendium](#) you give a total of EUR 1,800.00, the Federal German Government adds EUR 1,800.00 and an applicant student receives a monthly grant. The application deadline for supporters of the Deutschlandstipendium is the end of June 2025.

We look forward to keeping in touch with you this year and: Happy Easter to those celebrating – and a joyful spring to all!

The Alumni Management Team of Magdeburg-Stendal University of Applied Sciences

Workshop: Securing International Skilled Workers

June 12, 2025

Dieser Workshop richtet sich an Unternehmen und Kooperationspartner:innen, die internationale Talente gewinnen, integrieren und langfristig binden möchten. In einer globalisierten Arbeitswelt sind interkulturelle Kompetenz und ein Verständnis für kulturelle Vielfalt entscheidende Erfolgsfaktoren. Der Workshop vermittelt die

Grundlagen interkultureller Kommunikation und Kompetenz.
Die Teilnehmenden erwerben kulturübergreifend...

Science Night 2025

June 14, 2025

The next Science Night will finally take place on June 14, 2025! Last time, in 2023, interested citizens from Magdeburg and the surrounding area visited around 30 research institutions, experimented, discussed, and had the chance to make first hand experiences in different scientific fields. We would like to thank all visitors and all those who made the Science Night possible and supported it. We are delighted with the curiosity and interest sh...

Stendaler Hochschulvorträge: Ancient Egyptian Wisdom for a Successful Life

July 2, 2025

Regierungskrisen, Kriege, wiederkehrende Seuchen und eine zusammenbrechende Infrastruktur gehörten zur Lebensrealität der alten Ägypter. Zumindest zeitweise erlebte die auf uns heute so stabil wirkende Hochkultur harte Zeiten. Woran aber soll der Mensch sich halten, wenn alles auf einmal ins Wanken gerät? Das Alte Ägypten verarbeitete derlei Erfahrungen literarisch und gab seinen Lesern eine Fülle an Weisheitslehr...
