# DAAD Project

## Social Work with Refugees

Subproject of the University of  
Applied Sciences of Neubrandenburg

# A Differentiated Exposition of Criteria for a Successful Integration of Refugees from Different Perspectives in Neubrandenburg, Germany

---

*What are the different criteria for a successful integration of refugees into the German society from the perspective German citizens and refugees?*

differences between expectations of German society and refugees about integration

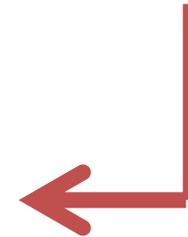

may be a cause of misunderstandings and the failure of the process of integration

**Quantitative survey to investigate the expectations of Germans and refugees**

finding a compromise between Germans and refugees about the criteria for a successful integration

develop recommendations for action for social work

# Project plan

## April to September 2019

1. Interviews with politicians, social workers and refugees

→ conduct criteria for a successful integration

2. Preparation of a questionnaire based on the results of the different talks

→ Distribution and analysis of the results

→ Identification as a pre test

→ Focus on mistakes and improvement of the questionnaire

3. Workshops KDPP1 –WL2 with guests with migration background

4. Summer School Magdeburg

5. Conference in Jordan
